Pure Drinking Water—Required to be Furnished to Employees in Industrial Establishments. (Chap. 117, Act Mar. 30, 1915.)

Section 78 of chapter 514 of the acts of the year 1909, as affected by chapter 726 of the acts of the year 1912, is hereby amended by striking out the word "manufacturing," in the first line and also in the sixth line, and by inserting in place thereof, in each case, the word "industrial," and by striking out the words "the State inspectors of health," in the eighth line, and inserting in place thereof the words, "an inspector of the State board of labor and industries," so as to read as follows:

SEC. 78. All industrial establishments within this Commonwealth shall provide fresh and pure drinking water to which their employees shall have access during working hours. Any person, firm, association, or corporation owning, in whole or in part, managing, controlling, or superintending any industrial establishment in which the provisions of this section are violated shall, upon complaint of an inspector of the State board of labor and industries, of the board of health of the city or town, or of the selectmen of the town in which the establishment is located, be punished by a fine of \$100 for each offense.

Live Stock, Dairies, and Stables on Dairy Farms—Inspection of—Charges for, Prohibited. (Chap. 109, Act Mar. 27, 1915.)

SECTION 1. It shall be unlawful for any State or municipal inspector or other officer to charge any fee for the inspection of any live stock or of any dairy, barn, or stable on any farm in which milk is produced for sale.

NEW YORK.

Communicable Diseases—Notification of Cases on Dairy Farms—Quarantine. (Chap. 2, Reg. Public Health Council, Oct. 5, 1915.)

The public health council has amended regulations 8¹ and 36² of chapter 2 of the sanitary code, relating to "communicable diseases," to read as follows:

REG. 8. *Reporting cases of communicable disease on dairy farms by physicians.*—When a case of Asiatic cholera, diphtheria, amebic or bacillary dysentery, epidemic cere-
